

## HIKING IN THE CÉVENNES WITH A DONKEY

Rediscover the spirit of long-distance travel in the Cévennes with this family-friendly trek through the heart of the Aigoual region, accompanied by gentle pack donkeys. From one valley to the next, explore the wild and rugged beauty of the southern Cévennes. This scenic route takes you through mid-mountain pastures, fragrant broom-covered hillsides in the upper Dourbie valley, striking granite outcrops, and the vast open landscapes of the Causses. The itinerary is designed for all ages, with manageable daily stages that leave plenty of time to enjoy the area's stunning natural swimming spots — and there's no shortage of them! The crystal-clear rivers of the Trévezel, Dourbie, Jonte, and Hérault all have their source on the slopes of Mont Aigoual.

#### DAY 3: HIKING IN THE CÉVENNES WITH A DONKEY FROM LANUEJOLS TO CAMPRIEU

3h30 hiking with donkeys / ascent : +450m / 10km

You leave behind the arid landscape of the Causse and return to the wooded scents of the Cévennes forests. Walking along a beautiful ridgeline path with your pack donkeys, you'll enjoy sweeping views across the entire Cévennes region. From this vantage point, you overlook the Aigoual state forest, the Causse Méjean, and even the distant Aubrac plateau. You arrive at the Perte du Bonheur, where the river vanishes underground before re-emerging 70 meters below through a dramatic limestone fissure known as the Bramabiau Abyss.

#### DAY 4: HIKING IN THE CÉVENNES WITH A DONKEY FROM CAMPRIEU TO DOURBIES

3h30 hiking with donkeys / ascent : 300m / 9,5 km

This morning, your little caravan heads south, venturing deeper into the heart of the Aigoual Massif. After a break at a traditional Cévenol sheepfold, you cross a mountain pass that reveals the rich landscapes of the upper Dourbie valley.

These typical Cévennes scenes – chestnut groves, terraced fields, and mountain pastures – bear witness to centuries of human presence and cultivation. In the afternoon, enjoy a swim and some well-deserved relaxation in the charming little village of Dourbie.

Dinner and overnight stay in the village.

Suggestion: Rest day (see our options)

We highly recommend a rest day at this accommodation.

This will allow you to enjoy our favorite swimming spots in the nearby rivers and the hosts' swimming pool.

#### DAY 5: HIKING IN THE CÉVENNES WITH A DONKEY FROM DOURBIES TO THE TRÉVEZEL VALLEY

3h30 hiking with donkeys / ascent : 480m / 10 km

You leave the small village of Dourbies with the pack donkeys and make your way through granite boulders and fragrant broom bushes. Gradually, you enter the mysterious world of beech and spruce forests, home to deer, roe deer, and mouflons. Descend into the wild gorges of the Trévezel, rich in natural pools perfect for swimming. Dinner and overnight stay in a traditional hamlet in the heart of the Cévennes National Park.

#### DAY 6: HIKING IN THE CÉVENNES WITH A DONKEY FROM THE TRÉVEZEL VALLEY TO MEYRUEIS

4h hiking with donkeys / ascent : 550m / 13km

Final stage of this family donkey hike. You leave the Trévezel gorges and arrive in the morning at the Foux Arboretum, which houses numerous species of conifers from America, Europe, and Asia, reminiscent of the forests of the American Rockies. Picnic in the shade of the trees. You leave the Gard department to return to Lozère, before descending back to the village of Meyrueis. End of this family hike upon your arrival in Meyrueis in the afternoon.

## SOME IMPORTANT INFORMATION

### CARRYING CHILDREN:

**The main activity of this trip is hiking – it is not donkey riding.**

Young children (ages 3 to 5), who are too big to be carried by adults, may occasionally rest on the donkeys under certain conditions and under their parents' full responsibility. Please remember that allowing a child to ride on a donkey involves some risks and requires specific protective equipment, which we do not provide (e.g. helmet).

### YOUR ARRIVAL:

**The 5 PM meeting time is mandatory with our donkey-handling partners to ensure the smooth running of your trip.**

They will spend about an hour giving you tips and advice on how to handle and care for your donkey, and reviewing the itinerary together. Each donkey is equipped with a pack saddle fitted with two panniers for your luggage. **Our donkeys carry between 35 and 40 kg. If you plan for a child (ages 3 to 5) to rest on the donkey, its load must be lighter.**

## EQUIPMENT

On the first day, your main luggage will be loaded onto the donkeys at 9 AM at the meeting point. You must therefore arrive ready to hike (wearing your hiking boots, with your water bottle filled, your daypack packed, and your main bag closed).

### YOUR DAYPACK

It should be able to hold your personal belongings for the day – about 30 liters. Choose one with a hip belt (to distribute the weight on your hips), padded shoulder straps, and a chest strap. Always carry in your backpack: a warm layer, a rain jacket, a water bottle, a small first aid kit, and your personal items. If you don't have a rain cover, a trash bag and two freezer bags are essential to keep your belongings dry.

### FOOTWEAR

Choose hiking shoes with good ankle support and flexible, lugged soles. Footwear is one of the most important elements of your hike. Shoes should be comfortable, lightweight, waterproof, and breathable. Proper ankle support is essential. Do not start your trip with brand-new shoes. Break them in with at least two or three hikes beforehand. Likewise, make sure your "old shoes" are in good condition and won't fall apart on the first climb.

### CLOTHING

A waterproof, windproof jacket (GORE-TEX type; poncho-style raincoats are not suitable)

A fleece jacket

Hiking pants, shorts, and T-shirts (avoid cotton and choose breathable fabrics)

Spare clothes and personal laundry

A swimsuit and towel (preferably a lightweight, quick-drying microfiber towel)

### SLEEPING GEAR

A lightweight sleeping bag (comfort temperature 10°C) or a sleeping liner ("sheet bag").

Blankets are available in the guesthouses. Sheets are provided in hotels.

Note: For your nights in a yurt during spring or autumn, bring a warmer sleeping bag (comfort temperature 5°C).

### PICNIC EQUIPMENT

1 individual airtight container (approx. 0.6 liters) suitable for salads, plus cutlery, a plate, and a cup.

### MISCELLANEOUS ITEMS

Water bottle (minimum 1.5 liters per person)

Sunglasses and sunscreen

Hat or cap

Small toiletry bag with towel

Flashlight or headlamp (for nighttime use)

A pair of sneakers or sandals (for evenings)

Toilet paper

Earplugs

Camera

Personal first aid kit
