ITINERARY

DAY 1: THE CAMINO DE SANTIAGO : ARRIVAL IN PUY-EN-VELAY

First night in your accommodation in Puy-en-Velay, Haute-Loire

Take advantage of this day to buy the traditional credenciale or pilgrim's book at Le Puy-en-Velay cathedral. This document, stamped by accommodations, tourist offices, town halls, etc., will attest to your passage along the Compostelle pilgrimage route and provide you with a wonderful souvenir of your journey!

Overnight in Puy-en-Velay.

DAY 2: THE CAMINO DE SANTIAGO : FROM PUY-EN-VELAY TO MONTBONNET

5h walking. Ascent/descent : +450m/-50m. Distance: 15 km

On your first day's walk, you'll leave Le Puy-en-Velay with a panoramic view over the entire basin. You'll then cross the Velay, a region renowned for its lentils and black sheep, passing through La Roche and Saint Christopher sur Dolaizon before reaching Montbonnet. Crossing the Devès mountain range, you can enjoy the volcanic landscapes of the Velay mountains.

Dinner and overnight in Montbonnet.

DAY 3: THE CAMINO DE SANTIAGO : FROM MONTBONNET TO MONISTROL D'ALLIER

4h walking. Ascent/descent : +150m/-650m. Distance: 15 km

After skirting Lac de l'Oeuf, not far from Montbonnet, you start the long descent to the Allier gorges, which mark the border between Velay and Gévaudan. This is the birthplace of the legend of the Gévaudan, a ferocious wolf-like beast that terrorized the inhabitants for over 100 years. You'll pass through several villages with remarkable churches and remains, including Saint Privat d'Allier and Rochegude.

Dinner and overnight in Monistrol d'Allier.

DAY 4: THE CAMINO DE SANTIAGO : FROM MONISTROL D'ALLIER TO SAUGUES

4h walking. Ascent/descent : +500m/-150m. Distance: 14 km

Today, the greatest challenge will be to climb the Margeride plateau. Once over this plateau, a new landscape and architecture emerges with the arrival of granite. You'll then arrive in Saugues, where you can spend the afternoon visiting this typical village. We recommend a visit to the 14th-century "Tour des Anglais" and the collegiate church of Saint-Médard, perched on a block of granite.

Dinner and overnight in Saugues.

DAY 5: THE CAMINO DE SANTIAGO : FROM SAUGUES TO CHANALEILLES

4h30 walking. Ascent/descent : +250m/-100m. Distance: 14 km

You'll set off for a day with little height difference, but plenty to see, such as the tower nestled on a granite boulder at La Clauze. You'll then join the Virlange river valley to reach Chanaleilles. Here you can visit the 12th-century Romanesque church with its 6-bell bell tower.

Dinner and overnight in Chanaleilles.

DAY 6: THE CAMINO DE SANTIAGO : FROM CHANALEILLES TO SAINT-ALBAN

5h30 walking. Ascent/descent : +200m/-400m. Distance: 18 km

The path gradually takes you to La Chapelle Saint-Roch, where you'll discover the Domaine du Sauvage and its former hospital for travellers, whose building was refurbished in 1901. Gradually descend to Saint-Alban, entering the Margeride region with its massive granite farms and acidic soils, where you may find red fruit (blueberries, raspberries, blackberries...).

Dinner and overnight in Saint-Alban.

DAY 7: THE CAMINO DE SANTIAGO : FROM SAINT-ALBAN TO AUMONT-AUBRAC

4h30 walking. Ascent/descent : +250m/-150m. Distance: 16 km

The GR65 will take you through the Truyère Valley before ending the stage on a vast Margeride plain. Along the way, you can visit the little church of Les Estrets, with its double-arched bell tower. You'll finally arrive in Aumont-Aubrac in the afternoon. The church of Saint-Etienne, the town hall and the fountain topped by a sculpture of the Beast of Gévaudan are must-sees in this charming village.

Our services end when you arrive in Aumont-Aubrac.

WARNING

BED BITES: Carried by pilgrims themselves, bed bugs have reappeared in some establishments on the Camino de Compostela. To combat the spread of bedbugs, our carefully selected accommodations follow strict hygiene rules. Please follow your hosts' instructions carefully (e.g. no backpacks in rooms).

As they are particularly attracted by strong smells, we advise you to keep dirty clothes in an airtight bag.

LEVEL

HIKING LEVEL : Medium (M) - Depending on the stages defined with Nature Occitane. Unaccompanied itinerant hike, no transfers included (except luggage) during your free hike. NB: You always have the option of taking a luggage transfer cab if you feel tired at certain stages.

CARRYING DURING THE HIKE: You don't need to carry anything, as your assistance baggage (maximum 15kg) is returned to you each evening at the accommodation. You carry only your daypack during the hike.

PUBLIC : Practicing an endurance activity (hiking or cycling) once a week 2 months before departure. You're not afraid of a succession of hiking days or a good climb every now and then.

NATURE OF TERRAIN: Easy hike on easy to medium paths and trails in Lozère and Haute-Loire. The entire route is signposted and accessible to anyone in good physical condition.

HIKING TIMES: These are given as an indication only. They are average times and take into account only the actual walking time, not breaks. They are calculated on the basis of 300 m of ascent and 450 m of descent per hour.

WATER: In general, numerous water points (fountains, taps, toilets) are available along the route. However, a minimum 1.5-liter water bottle is essential. Don't hesitate to refill it regularly, as some sections of almost 10km have no water at all.

CLIMATE: The climate on this route is varied. Average temperatures fluctuate from 12° in spring and sometimes less in winter, to 25° in summer and a little less in autumn. In summer, a few bathing spots invite you to take a refreshing dip (the sun is very strong at higher altitudes).

EQUIPMENT

On the first day, you must arrive "ready to hike" (hiking boots on, water bottle full, backpack complete, assistance bag closed).

THE BACKPACK

It should be able to hold your personal belongings for the day, i.e. around 30 liters. Choose a backpack with a waist belt (so that your weight rests on your pelvis), padded shoulder straps and a chest strap. Your backpack should always include warm clothing, rain gear, a water bottle, a first-aid kit and your personal items, not forgetting part of your picnic. In addition to a bag cover, a garbage bag and two freezer pockets are

essential to protect your belongings from the rain.

YOUR LUGGAGE

This is your "follower" luggage, which you'll find again every evening. It can be a duffel or sports bag. In addition to your extra change, it contains the extras you'll be glad to have back in the evening (CAUTION: it must not exceed 12 kg). Make sure you limit your equipment and pack only the essentials.

HIKING SHOES

Choose hiking boots with good ankle support and notched but flexible soles. Footwear is one of the most important elements of your hike. Above all, they must be comfortable, lightweight, waterproof and breathable. Good ankle support is essential. Don't set off with brand-new shoes. Use them at least two or three times before hiking. Also, make sure your "old shoes" don't give way on the first ascent.

CLOTHING

- A waterproof GORE TEX windproof jacket (no poncho-type k-way)
- A fleece jacket
- Pants, shorts, T-shirts (avoid cotton, prefer breathable materials).
- Change of clothes and personal laundry
- A bathing suit and a towel (microfiber towels are preferable, as they are lighter and dry faster).

BEDDING

- A light sleeping bag (comfort 10°C) or "meat bag" (blankets available in accommodations).

PICNIC

- 1 individual airtight box (Tupperware type), capacity approx. 0.6 liters, cutlery, plate and cup.

OTHERS

- Water bottle (2-liter minimum per person).
- A pair of telescopic hiking poles (optional)
- Sunglasses and sun cream
- Hat or cap
- A small toilet bag, with towel
- Flashlight or headlamp (for night-time use)
- A pair of tennis shoes or sandals (for evening wear)
- Toilet paper
- Earplugs
- Camera
- Small personal first-aid kit (aspirin, plaster, elastoplast, compeed...)
