DAY 5: THE CHEMIN DE STEVENSON : FROM FLORAC TO CASSAGNAS

4h30 to 5 hours walking. Ascent/descent : +340m / - 180m

The route follows the Mimente valley along the old railroad line that once linked Florac to Chamborigaud. Through a forest of chestnut trees, the trail leads you to the Cévennes village of Saint-Julien-d'Arpaon, home to the remains of an impressive 13th-century château. Your final destination is Cassagnas, one of the few villages in France to have a temple rather than a church.

5 to 6 hours walking. Ascent/descent : +350m / - 450m

The hike between Cassagnas and Saint-Étienne-Vallée-Française explores the schistose Cévennes, with their landscapes of sharp Serres and deep Valats. As you climb towards the Plan de Fontmort, you'll be surrounded by shades of green and black, punctuated by the yellow of flowering broom or the mauve of heather, depending on the season.

4 to 5 hours walking. Ascent/descent : +480m / - 600m

Bringing Robert Louis Stevenson's journey full circle, the final stage takes you to Saint-Jean-du-Gard, a charming village stretched along the Gardon river. Following the Corniche des Cévennes, the landscape gradually softens, revealing the gentle southern character of the region, known for its vines and mulberry trees. The day's hike ends in Saint-Jean-du-Gard, where you'll spend the night in this village of character.

LEVEL

HIKING LEVEL : Medium (M) - Depending on the stages defined with Nature Occitane. Unaccompanied itinerant hike, no transfers included (except luggage) during your free hike. NB: You always have the option of taking a luggage transfer cab if you feel tired at certain stages.

CARRYING DURING THE HIKE: You don't need to carry anything, as your assistance baggage (maximum 15kg) is returned to you each evening at the accommodation. You carry only your daypack during the hike.

PUBLIC : Practicing an endurance activity (hiking or cycling) once a week 2 months before departure. You're not afraid of a succession of hiking days or a good climb every now and then.

TERRAIN : Easy hiking on good trails in the Cévennes and Lozère regions, accessible to anyone in good physical condition.

HIKING TIME : These are given as a guide only. They are average times and take into account only the actual walking time, not breaks.

WATER : Water points are fairly frequent along the circuit. Water points are spaced about 1h30 to 3h apart. However, a minimum 1.5-liter water bottle is essential.

CLIMATE : This is a mid-mountain climate. The weather is cool in spring and autumn. In summer, it's hot but temperate. However, there is a risk of thunderstorms in the mountains.

ENVIRONMENT : Part of the Stevenson Trail lies within the Cévennes National Park. We therefore ask you to respect the park's charter, particularly in terms of protection: respect for natural heritage, cultural heritage and local people, and natural resources (water, soil, habitats, fauna, flora, climate). We also remind you not to leave the trails, make fires or pick plants.

EQUIPMENT

On the first day, you must arrive "ready to hike" (hiking boots on, water bottle full, backpack complete, assistance bag closed).

THE BACKPACK

It should be able to hold your personal belongings for the day, i.e. around 30 liters. Choose a backpack with a waist belt (so that your weight rests on your pelvis), padded shoulder straps and a chest strap. Your backpack should always include warm clothing, rain gear, a water bottle, a first-aid kit and your personal items, not forgetting part of your picnic. In addition to a bag cover, a garbage bag and two freezer pockets are essential to protect your belongings from the rain.

YOUR LUGGAGE

This is your "follower" luggage, which you'll find again every evening. It can be a duffel or sports bag. In addition to your extra change, it contains the extras you'll be glad to have back in the evening (CAUTION: it must not exceed 12 kg). Make sure you limit your equipment and pack only the essentials.

HIKING SHOES

Choose hiking boots with good ankle support and notched but flexible soles. Footwear is one of the most important elements of your hike. Above all, they must be comfortable, lightweight, waterproof and breathable. Good ankle support is essential. Don't set off with brand-new shoes. Use them at least two or three times before hiking. Also, make sure your "old shoes" don't give way on the first ascent.

CLOTHING

- A waterproof GORE TEX windproof jacket (no poncho-type k-way)
- A fleece jacket
- Pants, shorts, T-shirts (avoid cotton, prefer breathable materials).
- Change of clothes and personal laundry
- A bathing suit and a towel (microfiber towels are preferable, as they are lighter and dry faster).

BEDDING

- A light sleeping bag (comfort 10°C) or "meat bag" (blankets available in accommodations).

PICNIC

- 1 individual airtight box (Tupperware type), capacity approx. 0.6 liters, cutlery, plate and cup.

OTHERS

- Water bottle (2-liter minimum per person).
- A pair of telescopic hiking poles (optional)
- Sunglasses and sun cream
- Hat or cap
- A small toilet bag, with towel
- Flashlight or headlamp (for night-time use)
- A pair of tennis shoes or sandals (for evening wear)
- Toilet paper
- Earplugs
- Camera
- Small personal first-aid kit (aspirin, plaster, elastoplast, compeed...)
